Installation

The Badujet is normally incorporated into the design, but it can be added to any pool at a later date. The Badujet has no protruding parts ensuring pool users' safety. Very compact, installs at minimal cost.

All Badujet systems include control box with relay, air switch, and air tubing. Minimum 4" plumbing is required. Pump and control box also available in 3 phase. Read all instructions before installing.

Consult your physician before attempting any strenuous exercise. This product may not be challenging or satisfying for all levels of exercise.
