

Badu[®]Jet Imperial

SwimJet System

Made of high-quality stainless steel, the BaduJet Imperial swimjet system offers a sleek and flawless design. This elegant swimjet adds style and functionality to any new pool. The BaduJet Imperial has two adjustable swivel jet nozzles, allowing you to tailor its flow rate to your specific needs.

Features

- Flush mounted, patented plastic housing with recessed jet nozzles, all controls are conveniently located on the face of the jet housing.
- Stainless steel corrosion-proof anti-entrapment cover provides undetectable suction.
- Stainless steel handles make it easier to adjust the settings while the unit is running.
- Water volume control knob adjusts force of water leaving jet nozzles.
- Air regulator controls amount of air bubbles in water flow.
- LED touch button turns low voltage light ON/OFF.
- SPECK Controller with GFCI and built-in WiFi. Available upgrade to the Model 762-EC box (*w/ 3 additional relays installed*).
- The BADU Connect App gives you a convenient way to manage your BADU SwimJet System & Pool equipment. (*see page 42*)
- Speck 4.0 HP self-priming plastic pump. UL Listed, single phase with thermal overload (*no motor start required*).
- The system comes with a 5 ft. pulsating massage hose that can be attached to jet nozzle.
- System includes nozzle adjustment tools to help set the jet nozzles in position for optimum performance.
- Winter cover kit. (*Optional - Not Shown*)

Please Note: Stainless Steel Grade is 316

Installation Specifications

The BaduJet is normally incorporated into the design, but it can be added to any pool at a later date. The BaduJet has no protruding parts ensuring pool users' safety. All BaduJet systems includes LED touch button with 50' cable, SPECK controller, and Speck 4 HP pump.

- The BaduJet requires a clear unobstructed area within the swimming pool that is 8 ft wide x 15 ft long x 3 ft deep to work effectively.
- The BaduJet should be installed within 30 ft. of the pump with 4" pipe and minimal fittings for optimum performance. If the distance to the pump is greater than 30 ft., then 6" pipe should be used.

All BaduJet systems are provided with installation instructions for various pool construction types: new and existing guinte or concrete pools, pools with liners, steel wall pools, and fiberglass pools.

Read all instructions before installing.

Consult your physician before attempting any strenuous exercise. This product may not be challenging or satisfying for all levels of exercise.
