

Model E75

Rigid Electric Spa Pump

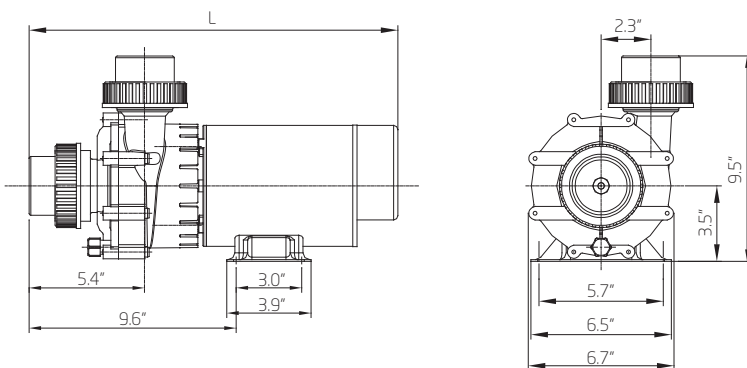

The Speck Model E75 spa pump has been engineered for durability and quiet performance with economy in mind.

Features

- This high performance, medium head pump comes complete with an industry standard Carbon/Ceramic 5/8" mechanical seal for convenient replacement.
- Non-corrosive, chemical/UV resistant, and can withstand temperatures of up to 150°F.
- Suction and discharge ports are equipped with 2" quick disconnect unions. (The Model E75-I comes standard with 1.5" quick disconnect unions.)
- For spa users' safety, the impeller has a dielectric shaft sleeve that provides absolute separation between pool water and electric parts.
- The Model E75 is available with 115V or 230V motor in single or two speed.
- Pump is equipped with durable, economical 48 frame thru-bolt mount motor with stainless steel shaft.
- A variety of other cord sets are available.
- Every pump is performance tested before leaving the Speck factory.

Please Note: This pump is NOT for swimming pool filtration.
